Name of the Activity	Career Opportunities in Humanities
Day and Date	3 April 2021
Time	10:00 am
Venue	Zoom
Name of the Resource Person	Mr. Sumant Sen (Sub-editor, The Hindu), Mr. Ashish Kulkarni, (Co-ordinator, B.Sc Economics), Dr Anuradha Harkare (Founder, Mind Catalyst).
Number of Participants	69

Brief Report

The Department of Arts had arranged a session on the topic 'Career Opportunities in Humanities' on 3rd April 2021 from 12:30 pm to 2:30 pm. A total of 69 students were present in the session. The session was compared by Ms Shweta Bhagat Natu (Faculty of Economics). The program began with Ms Suchismita Mohanty (Coordinator of Arts and HoD of the Economics Department), providing the overview of the facilities provided by Kaveri College of Arts, Science and Commerce, as well as some information about the founders of the institution and the vision and programs provided by the college for the purpose of the all-round development of the students. The first section was guided by Mr. Sumant Sen (Sub-editor, The Hindu), who threw some light on the career possibilities in the field of English. He provided some inputs on choosing English in terms of Research, New Education Policy and Journalism. He emphasized the importance of continuous reading, and education in terms of having curiosities to come up with questions and finding the answers for the same. He also spoke about the scope of this particular field abroad, as for getting more time for intellectual as well as personal development. The cruciality of internships was also discussed, as to understand skills, abilities and the actual interests to be recognized. The second section of the session, was introduced by Mr. Ashish Kulkarni, (Co-ordinator, B.Sc Economics) who brainstormed about the Analytics, and the importance of experience before entering into academics. He also mentioned details about being aware of facts in research and enriching self with behavioural economics. Lastly, the third part of the webinar was carried out by Dr Anuradha Harkare (Founder, Mind Catalyst). She gave a plethora of information about the importance of Psychology as a field in today's world and the growing interest of the undergraduates to pursue Psychology as a profession. She also talked about certain myths which should be modified regarding the foundation of this field and understanding the delineation between "studying human mind" and "reading human mind". Later she explained about the various categories like Military, Counselling, Clinical, Industrial Psychology and their respective features and horizons as for having more career openings. Overall, the main focus throughout the session was to have sound knowledge of the wide range of vocational possibilities and having a willingness to learn as well as inculcating a right attitude towards acquiring maximum certifications. The session was concluded with a vote of thanks by Ms Shweta Bhagat Natu and Ms Suchismita Mohanty and saw the participation of students through a brief Q&A session.

Name of the Activity	Webinar on 'Opening the Writer's Toolbox' - Key Elements of the Writing Process
Day and Date	19 October 2020
Time	10:00 am
Venue	Zoom
Name of the Resource Person	Mr. Archit Joshi, Technical Content Writer, LearnEd Studio Catalyst, Pune
Number of Participants	77

Brief Report

Kannada Sangha, Pune's Kaveri College of Arts, Science and Commerce- Faculty of Arts, Department of English organized a webinar on 'Opening the Writer's Toolbox'- Key Elements of the Writing Process on Monday, 19th October, 2020. Owing to the COVID-19 pandemic, the webinar was scheduled on the online platform of Google Meet.

Mr. Archit Joshi was the guest speaker for the day. Mr. Joshi, an alumnus of Kaveri College holds a Master's degree in Computer Science from Kaveri College of Arts, Science and Commerce. He is currently working as a technical content writer at LearnEd Studio. Besides, he is a published author, poet and a short story writer. Mr. Joshi guided the participants on the techniques involved in the process of writing and publishing. While explaining the techniques, Mr. Joshi asked the participants to "fall in love with 'language', and explained the importance of language. He encouraged them to find the rhythm and music in language. He also mentioned the importance behind understanding a story and dissecting it into parts. Mr. Joshi emphasized on writing evocatively and being authentic while writing. He asked the participants to interact with people around in day-to-day life, and surround themselves with their heroes in order to develop the characters in the story. Also, he asked the participants to be themselves and tell stories that only they can tell. Mr. Archit Joshi also gave numerous tips to the participants on how to shape their stories, and on carrying out research during the process of story writing. He also spoke about the editing skills required in order to write a successful story. In the end, he shared his ideas on how one must go about publishing his/her stories and gave the golden words, "never pay to publish" to the participants. The session also included a 'Question and Answer' segment, where the participants interacted with Mr. Joshi and got their queries answered. Ms. Gayatri Joshi, a student of First Year Bachelor of Arts, proposed the vote of thanks. Around 80 participants from various fields including students, budding writers and teachers were benefited from

Name of the Activity	Webinar on 'Doing English Novelty- Innovative Techniques of Teaching and Learning English'
Day and Date	20 February, 2021
Time	10:00 am
Venue	zoom
Name of the Resource Person	Dr. Pronema Bagchi , Assistant Professor of English at MIT World Peace University, Pune
Number of Participants	50

Brief Report

The Department of English of Kannada Sangha, Pune's Kaveri College of Arts, Science and Commerce- Faculty of Arts, organized a webinar on 'Doing English Novelty- Innovative Techniques of Teaching and Learning English' on 20 February, 2021.

Dr. Pronema Bagchi, the guest speaker, began the technical session with an ice-breaker activity by taking a survey on a question. The poll was conducted by Dr. Bagchi and later the results were declared. Dr. Bagchi suggested the participants, which included teachers from various institutes, opt for a toll called 'mentimeter.com' for creating interactive powerpoint presentations during the new normal. She said that the most important part concerned with teaching and learning is the willingness to communicate. She mentioned the ACTFL model (American Council on the Teaching of Foreign Languages) and gave the four 'C's- Communities, Culture, Connections, and Comparisons. She mentioned the ubiquitous nature of English as well. Dr. Bagchi also brought forth the necessity of communication in learning any language. She suggested the teachers use the three modes for teaching- Presentational, Interpersonal and Interpretative. For learners present as participants for the session, she said that if they follow the same model along with the four learning skills, Listening, Speaking, Reading and Writing (LSRW), nothing would stop them from becoming the best communicators. She explained that , 'Doing Language through Literature' is one of the methods of doing English novelty. Dr. Bagchi gave a few tips on designing the teacher's English lessons by following the pre-teaching, teaching and post-teaching activities including A-V aids, interaction and games . She took up two poems as examples for teaching innovatively. The teaching of poems involved activities like Listening with Eyes', composing a new poem from the last line of a poem, etc. The session was filled with interaction with the participants in the session by Dr. Bagchi. At the end of the session talked about the theory of 'Multiple Intelligences' by Howard Gardiner. Around 50 participants benefited from the session.

Kaveri College of Arts, Science and Commerce, Pune**

Name of the Activity	Exploring Specific Learning Disorders and Role of Psychologist'
Day and Date	9th February 2021
Venue	zoom
Name of the Resource Person	Ms Medha Pathak, Manager, Training and Collaborations at Anjali Morris Education and Health Foundation, Pune
Number of Participants	55

Brief Report

The Department of Psychology of Kannada Sangha, Pune's Kaveri College of Arts, Science and Commerce, in association with Anjali Morris Education and Health Foundation organized a webinar on '**Exploring Specific Learning Disorders and Role of Psychologist'** on Tuesday, 9th February 2021 from 11:30 am to 12:30 pm. Owing to the COVID-19 pandemic, the webinar was scheduled on the online platform of Google Meet.

Ms Medha Pathak was the guest speaker for the day. Ms. Pathak, a RCI registered Special Educator. She has completed her Masters in Clinical Psychology and also has a PG Diploma in Child and Family Counseling. She has a total of 14 years of experience in the field of Assessment of Specific Learning Disorders and ADHD. She has been in charge of managing the training and collaborations at Anjali Morris Education and Health Foundation, which is the only institute in India to be accredited by International Dyslexia Association and has been dedicated to work with children suffering from complex conditions of learning disabilities. She began the session with giving a basic structure of what she would be unfolding in the session. She gave an overview of what Anjali Morris Education and Health Foundation is about and the range of activities which are conducted at their centre with a total strength of around 35 experts which compose of counselors and educators. The vision and goals of making students' performance more effective and reaching a larger population while engaging in more associations were also mentioned. She also threw some light on what categories of Remediation and Assessment are done and how Teacher's Training and influential tools are crucial in bringing about a change in the children. She emphasized the importance of avoiding unnecessary labeling and how different factors like lack of access, cultural differences, mental disorders and visual impairments can be misunderstood as having learning disabilities. So, focusing on the required components and also understanding that someone's economic conditions or ethnicity do not cause the disorders were also mentioned for developing the basic concept of clearing up what these disabilities exactly mean and how one should classify them on the basis of the symptoms accordingly. Last but not the least, she concluded the session with providing some details with the possible career avenues in this field with the mandatory certifications essential for ethical practice. Around 55 participants from various fields including students, teachers, counselors and other working professionals benefited from this session.

Name of the Activity	2 Days National Level Workshop on Data Science, Analytics, AI & Tableau.
Day and Date	12th and 13th February, 2021
Time	10:00 am
Venue	zoom and YouTube live platform
Name of the Resource Person	Mr. Jinal Shah MTech in Data Science consultant in AI and Mr. Himanshu Sharma Assistant Vice President.
Number of Participants	274

Brief Report

Kaveri College of Arts, Science and Commerce has organised a 2 days National Level workshop on Data Science, Analytics, AI & Tableau on 12th and 13th February, 2021. In the wake of covid19 this session was organised online on zoom and YouTube live platform. Mrs. Sujata Bachhav Co Ordinator BBA CA department welcome all and introduced the resource persons Mr. Jinal Shah MTech in Data Science consultant in AI and Mr. Himanshu Sharma Assistant Vice President. Mrs. Chitra Alavani, HOD Computer Science introduced the program and requested the resource person to start with the session.

Day 1.

Resource person explained concepts like Why data science is important? What is data science, who is a data scientist, the role of mathematics and statistics in data science, and phases of the data science process. Also discussed some industrial terms.

Resource person also explained Roles of data scientists. What is analytics? Information about what is Artificial intelligence. How AI can be used in real life. What are the types of analytics according to the objectives and mapping between these types? How to implement human intelligence in a machine. Natural language processing. Chat bots, Avtar, virtual reality.

He also mentioned that AI and human beings will go hand in hand and not the replacement and importance of decision making or how reasoning is done, what is sentiment analysis, predictive analysis. He also showed a live online demo of how sentiment analysis, emotional analysis is done for statements. Rules and guidelines to follow while doing analytics. The first day of workshop was interactive and ended with a question answer session.

Day 2.

day 2 started with the introduction of AI models - pre-trained and custom AI development. Resource person explained types of machine learning, Supervised and unsupervised learning- Linear regression, neural, cluster, reinforcement, AI model development life cycle- business understanding, data acquisition, modelling, deployment and integration, Data visualisation.

Hands on example on tableau also taken by a resource person.
