Report:

Kaveri skills Development Cell in association with skillslate foundation pune organized A Talk Show on Multifaceted Personality with Dr. Sharad Bhogle. The event was conducted in the AV Room for all the students.

Dr. Sharad Bhogle Sir explained the actual meaning of personality to the students, It was explained being tall, beautiful and having good looks does not mean personality. Sir made the students aware that one's decision taking ability, decision implementation, his acts etc form a part of personality. Further Sir also discussed the ways in which one can turn his personality into multifaceted personality. Sir further added that multifaceted personality can happen if one gets in depth knowledge of one discipline and superficial working knowledge of related streams.

Sir further explained the importance of 4C's which are very important in today's world of cut throat competition. C's like Computing, Communication, Caring and Connected were explained in detail. Sir suggested to the students that they should have small beginnings with high aims and try to manage time so that students can first tap all the stones and select a correct path. Sir also suggested being firm on whatever is being selected rather than trying various things at one time.

Mr. Sharad Bhogale explaining the importance of multiple aspects of personality to the students on 1 June, 2022

Having a good and positive reputation in professional life is very necessary as it communicates many things and helps to achieve career objectives. It also motivates employees when they feel good about themselves. She displayed many images and discussed how every image helps in developing the personality. Ms. Lele made the session interesting by giving examples of Bollywood actors and actresses as well as some prominent political leaders and discussed their dressing styles. It was an interactive session and was very different and learning experience for the students. The session ended with a question and answer.
