Name of the Activity: A Guest Lecture on Electronic Data Processing

Date: 10 January and 11 January 2022

Names of the Resource Persons: CA Sonal Gatagat, 7276263384

No of Participants: 60

Report:

The Department of Commerce organized a guest lecture on the topic Electronic Data Processing on 10 and 11 January 2022 at 10.15am for TYBCOM students. CA Sonal Gatagat was invited as the guest speaker for this lecture.

Ms. Sonal made the students understand the basics of Electronic Data Processing like its concept, uses, advantages and role in the changing business scenario. She mentioned that the role of EDP in recent times has become very important. She helped the students to understand the application of EDP in the varied decisions made by organizations.

On the next day, the lecture focused on understanding the role of EDP in Auditing. This helped the students to understand that Auditing as a profession needs skills like use of technology-based applications in the present day. Hence, there is a growing need to acquire knowledge about Electronic Data Processing like applications for young professionals.

Report:

A Guest Lecture on Intellectual Property Rights was conducted for the students of Kaveri College and for the students from other colleges in and around Pune city and outside Pune on 6th October 2021 at 11:30am. The session was conducted by Dr. Jayashri Bangali, HOD Electronics Dept, Kaveri College of Arts, Science and Commerce.

The session focused on evolution of IPR in India, how gain a patent, copyright and trademark. Dr. Jayashri elaborated on the importance of IPR and its uses and misuses. She discussed case studies of how various companies across the world obtain the IPR. She spoke on the need to know about the IPR as the definition of assets has grown from material to non-material. In general, Intellectual Property Rights (IPRs) is concerned with the protection of tangible and intangible property. It provides material awards and recognition to the inventors and contributors for their investment. Hence, it enhances motivation to disseminate scientific and technological information which in turn stimulates research and development for improvement of the quality of life.
