Report:

The Department of Arts, Kaveri College of Arts, Science and Commerce, Pune organised a One Day Workshop on Social Innovation & Social Entrepreneurship for the students of Third Year BA on 3rd November 2023. The workshop was facilitated by Mrs. Bindiya Naik, Asst. Prof. in Economics, Ajinkya DY Patil College, Pune. Mrs. Naik conducted a very effective workshop wherein she tried to ignite the young minds towards social innovation and entrepreneurship. She cited many Social Improvement Projects and narrated a sample Tanzanian Case on Social Innovation. She divided all the participants into small groups deliberating on questions like - Why do we Need Social Innovation? Cite examples for different forms of Social Innovation. How to identify a social problem? Who are social innovators? How does social entrepreneurship contribute to economic development? And so on.. The students were very active during the session and they were sharing their opinion and ideas while answering each question. Another benefit about the session was that she used many new terminologies like iterative, Gerrymandering, Stark Inequalities, etc. Students were motivated to ideate, develop insight and innovate. Mrs. Naik used a "Learner Centric" approach by engaging the students into different activities. The students were asked to discuss within their groups and find socially innovative products and processes. Students came up with answers like Menstrual Cup, Bamboo brushes, AI, Mobile Phones, and so on.

Several charts were prepared by student groups as a part of the learning process which were later presented in front of other students who seemed to be highly motivated and encouraged to take part in it. They had an enriching and fun session with Mrs. Bindiya Naik. 52 Students benefited from the workshop. The session ended with a sticky note activity where the students were asked to write on how they want to innovate themselves, which was followed by an online MCQ test, and Vote of Thanks proposed by Mrs. Suchismita Mohanty, BA Coordinator

Date: 16 March 2024

Name of the Resource Person: Mr. Anurag Bhute

Number of Participants: 105

Resource Person Details: Mr. Anurag Bhute. Software Developer & Designer, Synerzip Soft Tech India Pvt. Ltd, Pune.

Report:

A session on Introduction to CodeIgniter & Drupal / Joomla was conducted on Saturday, 16 March 2024 for TYBSCCS and SYBBA(CA) students. Resource person Mr. Anurag Bhute briefly guided the students on the topic. In the beginning he gave a brief about CodeIgniter which is a powerful PHP framework with a very small footprint, built for developers who need a simple and elegant toolkit to create full-featured web applications.

CodeIgniter is based on the Model-View-Controller (MVC) development pattern. MVC is a software approach that separates application logic from presentation. In practice, it permits your web pages to contain minimal scripting since the presentation is separate from the PHP scripting. He guided on prerequisites for installing CodeIgniter and Steps for Installation and Configuration (for Ubuntu OS). He also solved some assignments from the lab book.

Mr. Anurag also gave a brief introduction on Drupal. It is an open source software that allows publishing, managing and organizing a wide variety of content on a website easier. Drupal is used to easily manage, update and publish the content in the website. Many individuals and organizations are using Drupal to create professional websites to suit their custom requirements. Because of easy creating sites, application and management, Drupal is used by many organizations. We can enhance the functionality of Drupal by adding available add-on modules.

He also guided on Creating Contents, Creating Articles and Creating basic Pages in Drupal. He explained in detail about Blocks and Modules. He also solved some assignments from the lab book.
